

# Buy less, do more on Valentine's Day

Valentine's Day brings a lot of love, but did you know it also brings 220 million roses, 25,000 tonnes of plastic and cardboard packaging, 25 million cards and 13,500 miles of gift wrap! That's a lot of natural resources and carbon emissions. We love the fun of Valentine's Day but this year we're thinking about celebrating a little differently by buying less and doing more! Here are a few ideas to help you think of ways to celebrate Valentine's Day more sustainably.

Valentine's Bake

A walk - take snacks!

Craft a personalised  
gift

Get the bus - explore  
somewhere new

Play sport

Cosy film night
